THE HORSE FOR THE FRIENDLESS AND THE HABEAS CORPUS CASE.—This case, mention of which has been made in our columns, has not yet been definitely settled. ABBREVIATED AND PHOTOGRAPHS.—We first remember W. A. Stoddard, as having a small establishment on Washington street, and now have the pleasure of announcing that he has located himself at No. 53 Clark street, up stairs, nearly opposite the Court House. He is an artist and also the largest possible extent of territory for the field of his labor. If the South feel aggrieved, as she well may, she has her remedy. I Take that Stoddard's Patent Abbreviated Skeleton and Shadow Photographs, because they felt that such doctrines and measures are unjust to the South and injurious to Southern rights, in this Union; and so, to protect those rights they have voted hitherto against their own evident industrial interests. They now will give up that generous struggle, and vote as the South orders. Not be saved in the North, nor by the North, and must either save herself or go unsaved.
